

ANNUAL REPORT 2025

In Maine, 1 in 5 children face hunger, and while schools provide free meals during the school year, a gap emerges in the summer. Healthy Lincoln County, as the local sponsor of the USDA Summer Meals program, provides free, nutritious meals in Lincoln and Knox Counties. Community support is the secret ingredient to our summer meals program. None of this would be possible without our partners, site coordinators, and volunteers.

Special Thanks To:

- **RSU40:**
 - Provided kitchen space and summer staff support
- **Rising Tide Co-op**
 - Donated local produce and cheese
- **Lincoln County Sheriff's Department:**
 - Volunteered twice weekly all summer

THANK YOU TO OUR VOLUNTEERS

Our volunteers give their time and energy to make sure kids are fed all summer long. Their dedication keeps the program running and strengthens our entire community.
